

EXPLORATION INFORMATION SESSION

Sponsored by: Kenora DG Office
Wednesday August 11, 2010
The Centre – Dryden’s Regional
Training & Cultural Centre

10:00 am – 3:00 pm
100 Casimir Avenue
Dryden, ON

*Doors open at 9:30
Ample parking available
No fee – lunch & refreshments provided*

This will be an information session discussing exploration activity in NW Ontario. Representatives from exploration companies and OGS that are actively working in the District will hopefully be attending the session. Informative geoscience presentations are scheduled. “**Networking**” by attendees will be the focus of the session.

Scheduled Speakers

10:30 – 11 am

Craig Ravnaas: Welcome and overview of exploration activity in 2009-10

11:45 – 12:15 pm

Richard Dyer: Using Lake Sediment assay results to evaluate mineral potential

12:15 – 1:30 pm

Lunch – meal will be catered at the Centre

1:30 – 2:00 pm

Scott Jobin-Bevans: President and CEO of Treasury Metals Incorporated
President of the Prospectors and Developers Association of Canada (PDAC)

3:30 pm **End of Session**

If you know of any interested explorationists that you think would like to attend the session, please have them contact the Kenora Geology Office.

**Please confirm your attendance by calling the Kenora Geology Office
(807) 468-2813**

- please indicate how many people will be in attendance;
- please advise if anyone from your party will NOT be staying for lunch

Thanks,

Craig Ravnaas

District Geologist, Kenora
Mines and Minerals Division, MNM&F
